Environmental Policy statement

TELCOSS Ltd aim to provide specialist waste management and disposal services to a consistent standard that protects and enhances the environment.

To achieve pollution prevention and to pursue our goal of continual environmental improvement we will:

- Comply with and where possible exceed all legal and other environmental requirements relevant to our activities.
- Assess and control the environmental aspects of our activities and services to minimise their impact on the environment.
- Develop eco-efficient working practices by reducing resource consumption and waste generation. Where possible we will recover and recycle our and customers wastes.
- Understand and control the risks of our activities to minimise environmental pollution, damaging incidents and nuisance incidents to residents and the environment.
- Assess and minimise the environmental consequences of our new business developments.
- Ensure that employees and contractors have sufficient experience and training to enable them to meet their responsibilities in safeguarding the environment, including compliance with this policy and relevant procedures.
- Communicate on the environment with interested parties, including employers and contractors. We will promote co-operation and good communications at all levels within the company and stakeholders.
- Make this policy publicly available.
- Review this policy on an annual basis.

Signed: *Thomas Southall*
